Manifold the bitterness
Resemblance
Just a different time
Restrictive policies
Against a unity
This is reality
We turn the other cheek
Once we were ostracized
By the dehumanized
You put your faith in Christ
About the time we realize
The thread never left
The herd is breeding,
Like they did some decades ago
Re-grouped by the internet
Proclaimed as the Nazi's foretold
The herd is breeding
Like they did some decades ago
Imprudence, where we have been warned
Restrictive policies
Against a unity
This is reality
We turn the other cheek
