"Heart To The Party"

Once I woke up, I could see the dream was real
Once I woke up, I could see the dream was real
The key fit the lock and then all that I could feel
Was the moon shining bright on the midnight trees
And I'm sailing along on the deep blue seas

So, bring your heart to the party
I wanna dance all night in the darkness daring
Bring your heart to the party

I wanna dance like I hope tomorrow will never come
And fall like a star that knows its time is gone
As it toss through the air burning all the way
And I'm saying I cry for the shame and day
Just close your eyes
Just close your eyes

And bring your heart to the party
I wanna dance all night in the darkness daring
Bring your heart to the party
I wanna dance all night in the darkness daring
Bring your heart to the party
I wanna dance all night in the darkness daring
Darling, darling
Darling, darling
