VERSE:

I?m dancing in your story
Find myself lost in the words
I?m looking for the ending
I?m looking for our happiness in the folds

CHORUS:

And it?s all good till you realize
There?s no happiness to find
And it?s all right till you?re standing
Just too far from the lies
And it?s all I ever needed
Just to make it through the day
This is all I have left now
From what you stole away

VERSE:

And for a moment
A moment is all I really need
I?m looking for the beauty
In which, you never saw in me

CHORUS:

And it?s all good till you realize
There?s no happiness to find
And it?s all right till you?re standing
Just too far from the lies
And it?s all I ever needed
Just to make it through the day
This is all I have left now
From what you stole away

VERSE;

Simple is easy
It?s all I want from my life
You just make it harder
By keep entering my mind

CHORUS:

And it?s all good till you realize
There?s no happiness to find

And it's all right till you're standing
Just too far from the lies
And it's all I ever needed
Just to make it through the day
This is all I have left now
From what you stole away
From what you took today
