VERSE

I'm sorry for loving
Even sorry I cared
I'm sorry for trying
Something I shouldn't dare
I'm sorry for crying
That's the last thing you want to hear
I'm sorry for living
Too far and too near

CHORUS

And I don't care what you're saying
Those aren't my words anymore
And I don't see what you're proving
By walking out that door

VERSE

I sit here alone now
With no one around
I remember a future
But I still hear the sound
Of you saying goodbye
And me thinking it's not for long
Now I'm wondering where
Did I go wrong

CHORUS

And I don't care what you're saying
Those aren't my words anymore
And I don't see what you're proving
By walking out that door

BRIDGE

And I can't hold the love tonight
It's too cold to feel
And I can't see the reason why
I'm still here

CHORUS

And I don't care what you're saying
Those aren't my words anymore

And I don't see what you're proving
By walking out that door

CHORUS

And I don't care what you're saying
Those aren't my words anymore
And I don't see what you're proving
By walking out that door
