All systems were go as the spaceship left detroit
With planet x-17 as our destination tonight
The craft hit some mystery turbulence and we heard a
sort of rolling buzz
They took our minds
We lost our minds
We must escape because.

We were trapped inside the planet of the roller-skating
bees
'cause we were trapped inside the planet of the roller-
skating bees
We were trapped inside the planet of the roller-skating
bees

Their eyes were blank-dead sockets like two pissholes
in the snow
Their busy buzzing cheap cliches will give you social
climberitis in your toe
All they have is beedium
All the alternatives are banned
But be careful you stick to the script they know
'cause they sting when they don't understand
They go like this
Ooh aaa ooh aaa

Don't try thinkin it ain't worth a dime
You're on the planet of the bees tonight
Straight things start makin wiggly lines
It's not funny when they take your mind
It's one weird warping potty time tonight yeah

'cause we were trapped inside the planet of the roller-
skating bees
'cause we were trapped inside the planet of the roller-
skating bees
'cause we were trapped inside the planet of the roller-
skating bees

'cause we were trapped inside the planet
Trapped inside the planet

'cause we were trapped inside the planet
Trapped inside the planet
'cause we were trapped inside the planet
Trapped inside the planet
'cause we were trapped inside the planet of the roller-
skating bees!
