Everything's gonna be nice and sweet
When I come sweep you off your feet
You won't think I'm such a creep
When I change your mind

I was nice when you were cold
You were bored when I was bold
I just want my jellies rolled
When I change your mind

You don't want me
At least not in that way
You don't want me
And that drives me crazy

Your ignorin' hurts my pride
I just want my pleasure ride
Got to have you by my side
When I change your mind

Now my foolish heart don't skip a beat
When you haul your tired ass across the street
I'd sell my soul for an airplane seat
Now when I change your mind

You don't want me
At least no in that way
You don't want me
And that drives me crazy!
