Verse:

Another day, wish I could wake it on my own
But I can't push you any further
Another hour, hangin' from my neck to loose
I can't take this any longer

PreChorus:

One by one
Day after day
Helping time run out
Just letting life get away
Lie on lie
Face to face
Broken down
Just to take up space

Chorus:

I can't, you won't
Has lost their reason here
We mean nothing past this point
I'm lost, you're here
Trapped inside what's left
Hate to finish what we start

Verse:

Voices stilled, running out of words too soon
Afraid the next will be the last one
Just one breath, so the truth can finally breathe
We won't have to lie tomorrow

PreChorus:

One by one
Day after day
Helping time run out
Just letting life get away
Lie on lie
Face to face
Broken down
Just to take up space

Chorus:

I can't, you won't

Has lost their reason here
We mean nothing past this point
IÂ'm lost, youÂ're here
Trapped inside whatÂ's left
Hate to finish what we start
