Verse:

How can I speak to you if you can't even speak for  
yourself  
You know you're living by another's rule when  
you're looking upon the shelf  
When they say jump we have to question how high, how  
fast, and where  
We make them feel better if we just look confused and  
stare

Chorus:

Though it ain't nothing feeling you over and over  
again  
We somewhere lost the feeling though I don't  
remember when  
Though it ain't nothing feeling you over and over  
again  
We somewhere lost the feeling though I can't  
remember when  
Again

Verse:

In a world full of liars we have to play their silly games  
As lovers we stand there never knowing what to say  
My clothes are off, my hair is down, my voice has  
nothing to say  
I'm not being a bitch, I'm not playing the fool, I'm  
just playing it your way  
Again

Chorus
