[Verse 1]

Used to swear there was nothing better than having me
For the night
When the morning came you'd quietly slip
Back into her life

[Chorus]

You can have your ways
I'm through living this lie
You can take those days
Let me move on, move on with my life

[Verse 2]

I used to watch you through the crowds as you ran your
hands
Over her
Now these days are yours when morning comes it's I
who
Slips out of his door

[Chorus]

[Bridge]

So many people say
I was just wasting my time
But that's all in the past
'Cause I've moved on with my life
Those days are gone
My day begins
You don't have my life
But I have this

[Chorus]
