Verse:

Wake up every morning to the sound of the radio  
screaming  
6:30, 7:30, 8 o'clock and I got to leave  
Walk out on the street with nothing on except the  
shame of last night  
And a number in my hand of a man I don't even know

Chorus:

Where do I fit in  
Where is my place here  
What do I need to say, what do you want to hear  
Where do I fit in  
If she's in your bed  
Where is my beautiful

Verse:

Late night, long day, doesn't make much difference to  
me anyway  
You called, I answered, but baby I'm only half awake  
Hush little one with you here everything's going to be  
okay  
Is all you say but what if things don't go that way

Chorus:

Verse:

It's over, we both know, we're both tired of playing the  
parts  
I said goodbye, you said oh well nothing's really lost  
Call every now and then just to hear your voice talk to  
me  
You still say everything's alright but it's not and that's  
something you're too blind to see

Chorus:

Chorus:

Where do I fit in  
Where is my place here  
If there's nothing for me to say, there's nothing you  
want to hear

Where do I fit in  
If she's in your bed  
Where is my beautiful  
Where do I fit in  
If she's in your bed  
Where is my beautiful
