

Lenny Kravitz

"Butterfly"

Visit "[Butterfly](#)" on MotoLyrics.com

I've ever seen

You shine just like sunlight rays

On a winter snow

I just had to tell you so

Your eyes sparkle as the stars

Like the moon they glow

Your smile could light the world on fire

Or did you know ?

Your mind's full of everything

That I want to know

I just had to let you know

I just had to tell you so

You're my butterfly

Fly high

Fly fly fly
