I know that you are mine
Com'on
Come on get it
And I won't waste your time
Com'on
Come on and get it
I feel like a canine
Com'on
Come on and get it
And I eat from your vine
Com'on
Come on and get it
I'm in love with your love
And I'm comin' to get it
You know I can turn you down
Like that jump in it

You know I can't feel the doubt
'Cause I'm high on my spirit
You know I'll fight for your love
And you know that I needed
Yeah yeah
Come on get it
I'm in love with your love
And I'm comin' to get it
You know I can turn you down
Like that jump in it
You know I can't feel the doubt
'Cause I'm high on my spirit
You know I'll fight for your love
And you know that I needed
Yeah yeah
Come on get it (repeats)
