Dream

You can take away my freedom
But my spirit will run free
You can take away my vision
That don't mean that I can't see

Well all I have to say
Is it doesn't work that way
What lives inside of me
Will find its way to be

It all starts with a dream
The dawn of a new day
The God inside of you
Will always see you through
So hold on to your dream
No one can take the dream
From your heart
From your heart

You can try to shake my reason
But you'll never take me down
You can fill me full of bullets
But I'm built on solid ground

So all I have to say
Is I'm not going away
It's much bigger than me
God's will will always be

It all starts with a dream
The dawn of a new day
The God inside of you
Will always see you through
So hold on to your dream
No one can take the dream
From your heart
From your heart

Amen, amen, amen

You will never take my passion
'Cause it always will remain
Even if I lose this battle, oh yeah
It's just blood inside my veins

That's all I have to say
The dream won't go away
You can't steal from me
What God gave me for free

It all starts with a dream
The dawn of a new day
The God inside of you
Will always see you through
So hold on to your dream
No one can take the dream
From your heart
From your heart

Amen
