Words & Music by Michael Kamen/Hal Fredericks
Arranged by Doug Neslund & Lenny Kravitz

Let's wander slowly through the fields
Slowly slowly through the fields
And touch the leaves that touch the sky
Just you and I through fields of joy
All memories slowly fade away
Slowly slowly fade away
I hold your mind inside my hands
Like drifting sands through fields of joy
The sound of music that we hear
The blast of colors in the air
All cities, mountains disappear from view
All truth and beauty near to me in you
With you through the fields
With you through the fields
With you through the fields
The fields of joy

Let's wander slowly through the fields
Slowly slowly through the fields
I know our love will never die
Just you and I
Through fields of joy
Through fields of joy
Through fields of joy
