I'm just a human
I never said I was God
And each day I wonder where you are
Ah, ah, how could our lives once be so together?
Now we're apart
I know we can make it
But where do we start?

Sometimes the scales they get unbalanced
Don't you know the reason, why ?
The difference is why
The difference is why

You say you can't trust me
Have you tried?
You say you don't love me
That's a lie
Ah, ah, there are so many so many rainbows
That we were to climb
But baby, baby, why can't we survive?

(Ahh)
We've got to get our heads untangled
(Ahh)
And free our state of mind
The difference is why
Hey yeah, uhh, the difference is why

(Ahh)
Sometimes the scales get unbalanced
(Ahh)
Don't you know the reason why?
The difference is why
Yeah, the difference is why
Does this have to mean goodbye?
