Let's work together  
We are one big family  
Joined forever like the branches of a tree  
In this world we are neighbors  
There is no immunity  
Hurt a member, you hurt the whole community

We can turn around  
Peace can still be found  
It starts in your mind  
Have the faith of a child

We're facing problems at a catastrophic rate  
Folks are desperate  
So many wars are on our plate  
We're using religion  
and with it we're pushing hate  
Wonder if there [?] time to change our fate

We can turn around  
Peace can still be found  
It starts in your mind  
Have the faith of a child

I know we can make it  
I know, I know we can make it  
How can we work it around

You know [?]  
Can conceive [?]  
We can achieve  
So why don't we put our minds together  
and meditate on peace  
With the faith of a child

We can turn around  
Peace can still be found  
It starts in your mind  
Have the faith of a child

We can turn around  
Peace can still be found

It starts in your mind  
Have the faith of a child

Have the faith of a child  
Have the faith of a child
