Will we ever understand ?  
Or is the fate of man at hands ?  
Will we live or shall we die ?  
How will we ever know if we never try ?

The government's the devil's hands  
It's a lie and it's a scam  
They wind us up, put us down, and watch us go  
And if you close your eyes  
There's a big surprise

What the fuck are we saying ?  
Do we feel what we dream about ?  
We've got to keep on praying  
And one day we'll see the light

I've been lost in the name of love  
And we kill our brothers daily in the name of God  
We'd better chill before we take on some tribulation

And if we realized  
Then we'd make a little love now sing

What the fuck are we saying ?  
Do we believe what we read about ?  
We've got to keep on praying  
And one day we'll see the light  
And one day we'll see the light  
And one day we'll see the light  
And one day we'll see the light

What the fuck are we saying ?  
Do we believe what we dream about ?  
We've got to keep on praying  
And one day we'll see the light  
And one day we'll see the light  
And one day we'll see the light  
And one day we'll see the light
