Although you say  
That we're through,  
My stubborn heart keeps on  
Loving you.  
I miss your love so badly  
It's a crime.  
If only I could make you  
Change your mind,  
I'd get down on my knees  
With my heart in my hand.

(Chorus)

Darling take me back I'm sorry.  
Darling take me back I'm sorry.  
If you'd give me one more chance  
I would be true.  
Ooh ooh.

I go to places we knew  
Hoping that I  
Might run into you.  
If only you would pass my way.  
I'd swallow all my pride  
And I would say  
Well I'm down on my knees  
With my heart in my hand.

(Chorus)
