I know I know I need someone  
Someone to hold each night  
Someone to squeeze real real tight  
Darling can that someone be you

I know I know I need someone  
Someone to love each day  
Even though dark clouds come our way  
Darling can that someone be you

I don't know what it was that got me this way  
Maybe it's because your so sweet and kind  
Or maybe it was the night I held you so tight  
Or it could be my heart knows more than I

It knows it knows I need someone  
Someone to hold each night  
Someone to squeeze real real tight  
Darling can that someone be you

I know I know I need someone  
Someone to hold each night  
Someone to squeeze real real tight  
Darling can that someone be you
