Standing here alone with you
Wondering what it is that I'm supposed to do
There you are with the love light in your eyes
The bridges are down and your arms are open wide
Am I in too deep or should I swim to the shore
Is this the real thing? I don't know cos I've never been
here before

And I feel a thunder in my heart
That I just can't control
I feel a thunder in my heart
Should I walk away or follow my soul
I feel a thunder in my heart
Where it comes from I just don't know
Oh no

There's a storm raging deep in my soul
There's a howling wind that I just can't control
There's a fire inside me I can't explain
Every time you touch me my love falls like rain
I've only known you for an hour or more
But the time is standing still
Your love has opened up the door

And I feel a thunder in my heart
That takes my breath away
I feel a thunder in my heart
Will I ever be the same
I feel a thunder in my heart
It's tellin' me you're here to stay
Oh no...
Ooh yeh...

There's a thunder in my heart
There's a thunder in my heart
There's a thunder in my heart
There's a thunder in my heart

Take me baby I'm all yours
Do just what you wanna do with my love
Let's not let the night overtake us
Cos what's happening right now may make or break us

Do you feel the way I do?
Open up your heart baby I'm comin' through

I feel a thunder in my heart
Takin' my breath away
I feel a thunder in my heart
Since I met you I've never been the same
I feel a thunder in my heart
And I know you're here to stay
I feel a thunder in my heart
I know I'll never never control
I feel a thunder in my heart
