You know I thought I could live without you
I thought I could get along
But I never realized that I could be so wrong

Was I a fool to leave you or was I a fool to let you go?
Doesn't seem to matter much now baby
I should have never let you go

I want you back, I want you back
And I will never stop until I got you back

I wander the road where we used to walk
And lots of people pass by they all look like they're in
love
Everybody but me

I see your face in the crowd, I hear your voice
everywhere I go
And when I turn around thinking you've come back
Ah, you're never, never, never there

I want you back, I want you back
And I'll keep on searchin' until you're really here

I want you back, I want you back
And I will never stop until I know I've got
You back in my arms to stay

I want you back, I want you back
And I will never stop until I know I've got
You back in my arms until I got you back

I want you back, I want you back
Never gonna stop until I got you back

I want you back, baby I want you back
I'll keep on searchin', I'll keep on searchin'
Until you're really here until I got you back

I want you back, I want you back
I want you back in my arms

I want you back
I will never stop until I know I've got
You back in my arms, arms
