I got your postcard it made me lonely  
I'm out of money and no one really cares  
The south of France has sunny weather  
Pretty boats and lots of millionaires

Now you're not coming home  
You like the style and you're staying here  
And pretty boys everywhere you go  
You lead 'em on and then you disappear

(You say you're gonna find a millionaire)  
Oh well I wish you luck  
(And we were never going anywhere)  
And now you've had enough

You didn't wanna be  
Going broke with a loser like me  
You're a girl who's just gotta be free

And I don't think you'll ever be happy  
Chasing, chasing a millionaire

All the streets are dead without you  
Empty shops and old abandoned cars  
In Saint Tropez your man is waiting  
He comes with diamonds to the hotel bar

You say you're not going home  
You like the sun and you're staying here  
He'll ask if you're on your own  
You say why not then you both disappear

(Now you say you've found your millionaire)  
Oh well I don't care  
(Says he's gonna take you everywhere)  
I just don't care

I bet he'll let you down  
That kinda guy never hangs around  
He's got a girl in every town

And I don't think you'll ever be happy

Living, living with a millionaire, yeah

(Now you say you've found your millionaire)

Oh well I don't care

(Says he gonna take you everywhere)

I just don't care

Then one day he's gonna let you down

He'll have you searching every club in town

That kind of guy will only drag you down

(You can go and take your millionaire)

Oh I don't wanna know

(Tell you that I really do not care)

Ah your life's your own

You see them everywhere you go

Chasing the sun in Alfa Romeos

You gotta catch 'em before they get too old

And I don't think you'll ever be happy

Chasing, chasing a millionaire, yeah

Chasing a millionaire

Chasing a millionaire

Chasing a millionaire, yeah
