Bye bye for now  
Bye bye for now  
We must separate  
For a little while  
But I will be praying  
That we'll share our love again  
Bye bye for now  
My friend

Time heals all things  
Time heals all things  
You might be surprised  
At what the future brings  
So don't be discouraged  
Just get up and start again  
'Cause God's on your side  
My friend

Bye bye for now  
Bye bye for now  
We must separate  
For a little while  
But I will be praying  
That we'll share our love again  
Bye bye for now  
My friend

God, please be kind  
God, please be kind  
When they call on you  
Won't you answer right on time  
Keep them safe from danger  
Going out and coming in  
Til we're together again

Bye bye for now  
Bye bye for now  
We must separate  
For a little while  
But I will be praying  
That we'll share our love again  
Bye bye for now

My friend
