It's necessary at this point in our lives
Not to tempt you, or make you compromise
Your commitment to God up above
One day we'll share our love

I will hold out for you
I will hold out for you
Till the day comes when we can be one
I will hold out for you

No it's not easy when I'm looking at you
Your so lovely through and through
But if I push you, I'll just make you cry
And spoil what God has planned for our lives

I will hold out for you
I will hold out for you
Till the day comes when we can be one
I will hold out for you

I want to serve you everyday
Never desert you or cast you away
Hope you can trust me
For the rest of our days
May my ways be just like God's ways

I will hold out for you
I will hold out for you
Till the day comes when we can be one
I will hold out for you

No it's not easy when I'm feeling this way
I just want you in every way
But I won't settle for anything less
Than God's very best

I will hold out for you
I will hold out for you
Till the day comes when we can be one
I will hold out for you
