If only I could find the word to say to you
I'd be happy,
And a whole lot better off.
And then maybe you would see
That you really like me,
And then maybe we could go
Out to a movie
Or sit in the moonlight,
Then I drive you home
And you could kiss me goodnight.
Not on the cheek
That's not how I wanna kiss,

I wanna kiss you on the lips.
I wanna kiss you on the lips.

Cause you're so pretty so cool,
And I really like you,
But I feel so dumb and lame.
Cause whenever I am around you,
I'm on a different plane.
And I smoke a cigarette,
And you just blow me off,
And I feel like a gimp,
And I know it turns you off.
I wonder how it ever came to this,

Just wanted to kiss you on the lips.
I wanna kiss you on the lips.

Cause you're a special girl,
You're not like my Grandma.
Cause she's dead, and you're not.
And when I see your face,
I wish that mine was on it.
Cause I'd like to smell your mouth,
Yeah, I'd like to show my stuff.
If only I could find the word to say to you
I'd be happy,
And a whole lot better off.
And then maybe you would see

That you really like me,
And then maybe we could go
Out to a movie
Or sit in the moonlight,
Then I drive you home
And you could kiss me goodnight.
Not on the cheek
That's not how I wanna kiss,

I wanna kiss you on the lips.
I wanna kiss you on the lips.
I wanna kiss you on the lips.
I wanna kiss you on the lips.
I wanna kiss you on the lips.
