Fell into a sleep  
Something grabbing me  
All the time is lost  
Everyone is gone  
There i go again  
Everything is dead  
Everyone is fucked  
Every time im stuck  
Fell to easy  
Someones own is all alone  
Fell to easy  
Someone grows into a stone  
Fell into a sleep  
Never ending dream  
All the time is lost  
Slip into exhaust  
There i go again  
Everyone is dead  
Life has become lame  
You're the one to blame  
Fell too easy  
Someones own is all alone  
Fell too easy  
Someone grows into a stone  
Fell too easy  
Sometimes i wish i could end you  
Fell too easy  
It would be so nice to remove you  
Fell too easy  
Sometimes i wish i could end you  
Fell too easy  
It would be so nice to remove you
