I don't know what the fuck you're saying
And I'm not too sure of what it is you do
All I know is that the sweetest dreams I've ever had
have come
When I fall asleep while watching you.

So let me ask you a question,
And I hope the answer's yes
But if it's not I promise
Not to drop a tray on your head

Oh girl, won't you be my girl?
Oh girl, won't you be my girl?
Oh girl, please come be mine
(Oh girl, won't you be my girl?)
Oh girl, please make me shine
(Oh girl, won't you be my girl?)
Oh pretty girl
Prettiest girl
Wont you be mine?

You're so pretty
You're so Asian.
Kiss me baby,
I'm Caucasian.
You're so pretty
You're so Asian, now.

You're so pretty
You're so Asian.
Kiss me baby,
I'm Caucasian.
You're so pretty
You're so Asian, now.
