And there's so many things
So many things you do
And there are many things
And many things are true
And they hold onto nothing
Don't ever let it go
Your guidance is poison
The followers are so
Slow
Misleader
Believer
Deceiver
Moutheater
And there are many ways
And many are sad
And there are many days
And many are dead
So they follow without choice
And never let you down
And you swallow their voice
And leave them without their own sound
