she left you dieing on the floor
and even then she was a whore
she held your prize
a monemt drift into dispair
and even so she has a gift
she's plastic blue
plastic blue
plastic blue
from heaven above she falling
and someone knew to keep alone,inside her heart,for
life,tonight
she left dieing,in her head
then all is fine,you herd her said
she brought you on
a monemt drift into dispair
and even so she has a gift
she's plastic blue
plastic blue
plastic blue
from heaven above she falling
and someone knew to keep,alone,inside her heart,for
life,tonight
(plastic blue)(x5 echos)
plastic blue
plastic blue
from heaven above she falling
and someone knew to keep,alone inside her heart,for
life,tonight
plastic blue
plastic lue
from heaven above she falling
and someone knew to keep,alone,inside her heart,for
life,tonight
