(Mary:)

Can I hear the other part too?

(Leon:)

Hold on, let me love you

For an hour or so

Tell me what you want to do

Where we go to find it

Cause you love me like a hurricane

And then you're gone with the wind

You treat me every way but good

But you'll be sure that I'll be back again

I don't know the answer

I've prayed about you

I feel so brokenhearted

Cause you ain't!

You ain't here

I can take my little ups and downs and

Fight just like a tiger

When I'm caught in a corner

I've got my back against the wall

I know it's all that I can do

To stand and wonder

Why do all those things

That you tell me to?

Whoa-oh, you know

I just can't get over losing you

And the night wind is calling

Out my past history

And it's driving me crazy

And the morning sunlight comes

You just don't treat me right

It makes me feel half crazy

Oh, precious Jesus tell me what to do

You know I just can't get over leaving you

And you used to walk down by the ocean

By the hour holding hands and then

Spent our time making love to each other

Trying to build some castles in the sand

Oh I know I got hung up on love's little melody

I love you and you
You just don't seem to love me

I can handle just about any kind of trouble
That might come my way
I can get myself uncovered
When the morning light
Begins to wipe away the day
Oh, precious Jesus what I gonna do?
I just can't get over losing you

I just can't get over
I just can't get over losing
you
