It all started out so innocently
You were just another pretty face that I loved to see
But somewhere down the line
I got this feeling deep inside, that won't stop talking to
me
Yea, won't stop talking to me

But lately I started to dream
About you and me
And how it would be to hold you close to me
Like it's supposed to be
But then I get this ringing in my ear
And it brings me right back to reality
Oohhh, reality yea

Would you bat your eyes and smile
And kiss me like it was in style
And tell me you feel the same, yea
Would you be surprised and yet uncomfortable
If I were to send my heart your way

What should I do
I'm falling in love with you

But lately I started to dream
About you and me
And how it would be to hold you close to me
Like it's supposed to be
But then I get this ringing in my ear
And it brings me right back to reality
Ohh, reality, yea

Help me I think I'm falling in love with you
Help me I think I'm falling, yea
In love with you, yeah yeah
In love with you, yeah yeah
Love with you, yea.
