The first time ever I saw your face  
I thought the sun rose in your eyes  
And the moon and the stars were the gifts you gave  
To the dark and the endless skies my love

The first time ever I kissed your mouth  
I felt the earth move through my hand

Like the trembling heart of a captive bird  
That was there at my command my love

The first time ever I lay with you  
I felt your heart so close to mine  
The first time ever I saw your face  
Your face  
Your face  
Your face
