Leona Lewis & Take That

Put your head against my life, what do you hear  
A million words just trying to make  
The love song of the year  
Close your eyes but don't forget what you have heard  
A girl who's trying to say three words  
The words that make me scared

A million love songs later  
And here I am trying to tell you that I care  
A million love songs later and here I am

Looking to the future now this is what I see  
A million chances pass me by  
A million chances to hold you  
Take me back, take me back to where I used to be  
And hide away from all my truths  
Through the light I see

A million love songs later  
And here I am trying to tell you that I care  
A million love songs later and here I am

A million love songs later  
And here I am trying to tell you that I care  
A million love songs later and here I am  
A million love songs later and here I am
