its been the longest winer without you
i didnt know where to turn to
see somehow i cant forget you
after all that we've been through

going coming thought i heard a knock
whos there noone
thinking that i deserved it
but i realized that i really didnt know
if you didnt notice boy you mean everything
quickly im learning to love again
all i know is im gon' be okay

thought i couldnt live without you
its gonna hurt when it heals too
it'll all get better in time
Even though i really loved you im gonna smile cuz i
deserve too
it'll all get better in time

How could i turn on the t.v
without something that'll remind me
was it all that easy to just put aside your feelings

if im dreaminq dont wanna laugh
hurt my feelings cuz thats the path i believe in

and i know that time will heal it
if you didnt notice boy you mean everything
quickly im learning to love again
all i know is im gon' be okay yeah yeah

thought i couldnt live without you
its gonna hurt when it heals too
oh yeah it'll all get better in time
even though i really loved you
im gonna smile cuz i deserve too
it'll all get better in time

Well since theres nomore you and me
it's time i let you go so i can be free
and live my life how it should be (no no no no no no)

no matter how hard it is i'll be fine without you yes i will

thought i couldnt live without you
its gonna hurt when it heals too
oh yeah it'll all get better in time
even though i really loved you
im gonna smile cuz i deserve too
it'll all get better in time
