I don't mind if it rains for a century
I don't mind the rain
I don't mind if you're here laying next to me
I don't mind the pain

So put it on me
Put it on me
Put it on me
I want your love
Put it on me

You're my light
I see when I come alive
See when I come alive, live, live...
I revive
See when I come alive
See when I come alive

Fire runs through my veins at the speed of light
Fire through my veins
(I want your love, I want your love...)
A thousand suns lead the way to an endless night
I can ease the pain
(I want your love, I want your love...)

So put it on me
Put it on me
Put it on me
I want your love
Put it on me

You're my light
I see when I come alive
See when I come alive, live, live...
I revive
See when I come alive
See when I come alive

See when I come alive
See when I come alive
See when I come alive

I don't mind if it rains for a century
I don't mind the rain

So put it on me

Put it on me
Put it on me
I want your love
Put it on me

You're my light
I see when I come alive
See when I come alive, live, live...
I revive
See when I come alive
See when I come alive

See when I come alive
See when I come alive
See when I come alive
