What you wanna talk about?  
Wanna stay up all night?  
Wanna scream and shout, yes

Ain't nothing to worry about  
I can take it all, that's right  
I'm your number one, don't you get that?

Yeah, we fight every day  
But we love every night  
It don't matter, it don't matter  
It don't matter, it don't matter...  
It's all good

Every bird has a scar  
The messed up thing that we are  
I'll take it all, you better be ready

I never felt like this  
You shot me through my heart  
The pain never felt so good  
Boy, you're my favourite scar  
I never felt like this  
You shot me through my heart  
All eyes on me  
In the middle of the street screaming out your name  
And it sound like  
La la-la-la la-la, you shot me through the heart  
La la-la-la la-la, you are my favourite scar

What you wanna know about?  
Won't mean to tell you all of my sins  
Yeah, you first  
One shot and you got me  
And this scar everybody sees on me  
Baby, it says that I'm with you

Yeah, we fight every day  
But we love every night  
It don't matter, it don't matter  
It don't matter, it don't matter...  
It's all good

Every bird has a scar  
The messed up thing that we are

I'll take it all  
Boy, you better turn up your stereo

I never felt like this  
You shot me through my heart  
The pain never felt so good  
Boy, you're my favourite scar  
I never felt like this  
You shot me through my heart  
All eyes on me  
In the middle of the street screaming out your name  
And it sound like  
La-la-la la-la, you shot me through the heart  
La la-la-la la-la, you are my favourite scar

Funny how time flies

I never felt like this  
You shot me through my heart

I never felt like this  
You shot me through my heart  
All eyes on me  
In the middle of the street screaming out your name
