I think I can fix you
I am lost, can't find my way
You were gone, when I'm awake
If you're there, I will feel for you
I just need to know the things, whoa

[Chorus]

Will you fix me,
Will you show me how to breathe
Before all that's going on,
My hope is gone
Will you fix me
Will you give me what I need
I love you
I love you, I live you

When I'm lost, can't find my way
My mind is lost, still finds me some way
And when I'm gone, I'm gone away

My mind is gone, is gone away
I never knew that but I think I know now
I think I know
I'll never get back what I used to throw out
I'm alone and it's real but I don't know now
My heart is all I have and my breath's wearing out

[Chorus]

Will you fix me,
Will you show me how to breathe
Before all that's going on,
My hope is gone
Will you fix me
Will you give me what I need
I love you

I love you, I live you
I think I can fix you.
