Baby, I'm staring at a piece of us, shattered on the sidewalk
Tragic broken like a china doll, burning like a gunshot
My heart was beating
And so was yours
We threw each other
Down on the floor
My heart is breaking
It's made of glass
Cause anything that's good never ever lasts

So baby If you love me let me know
'Cause everything that hurts you've hurt before
You're about to tear this love apart
And break another glassheart
So baby if you love me let me know
'Cause everytime we touch, touch turning cold
Promise that we'll never fall apart
And I'll love you with my glassheart
And I'll love you with my glassheart
And I'll love you with my glassheart

Right now standing in our empty room, standing in the window
I hear music that we used to make, boy play me that crescendo
My heart was beating
And so was yours
We threw each other
Down on the floor
My heart is breaking
It's made of glass
Cause anything that's good never ever lasts

So baby If you love me let me know
'Cause everything that hurts you've hurt before
You're about to tear this love apart
And break another glassheart
So baby if you love me, let me know
'Cause everytime we touch, touch turning cold
Promise that we'll never fall apart
And I'll love you with my glassheart

And I'll love you with my glassheart
Promise that we'll never fall apart
And I'll love you with my glassheart
And I'll love you with my glassheart

Baby If you love me let me know
'Cause everything that hurts you've hurt before
You about to tear this love apart
And break another glassheart
So baby if you love me, let me know
'Cause everytime we touch, touch turning cold
Promise that we'll never fall apart
And I love you with my glassheart
And I love you with my glassheart
