Verse 1:

Someone once told me that you have to choose
What you win or lose
You can't have everything
Don't cha take chances
Might feel the pain
Don't cha love in vain
Cause love won't set you free
I could stand by the side
And watch this life pass me by
So unhappy
But safe as could be

Chorus:

So what if it hurts me?
So what if I break down?
So what if this world just throws me off the edge
My feet run out of ground
I gotta find my place
I wanna hear my sound
Don't care about all the pain in front of me
I'm just trying to be happy, yeah
Just wanna be happy, yeah

Verse 2:

Holding on tightly
Just can't let it go
Just trying to play my role
Slowly disappear, ohh
All these days I feel like they're the same
Just different faces, different names
Get me outta here
I can't stand by your side, ohh no
Watch this life pass me by, pass me by

Chorus:

So what if it hurts me?
So what if I break down?
So what if this world just throws me off the edge
My feet run out of ground
I gotta find my place
I wanna hear my sound

Don't care about all the pain in front of me
I'm just trying to be happy, ohh, happy, ohh

Bridge:
So many terms that I can't see
Like I'm a stranger on this road
But don't say victim
Don't say anything

Chorus:
So what if it hurts me?
So what if I break down?
So what if this world just throws me off the edge
My feet run out of ground
I gotta find my place
I wanna hear my sound
Don't care about all the pain in front of me

Outro:
I just wanna be happy
Ohh, yeah, happy, ohh, happy
I just wanna be, ohh
I just wanna be happy
Ohh, happy
