someone told me you found somebody
found somebody new
I'm happy for you
maybe that's why I don't hear from you
like I used to like a faded photograph
our moment's in the past
but sometimes, sometimes
I miss you missing me
calling me on the phone
asking me how I'm doing
asking if I'm alone
I miss you missing me
I miss you missing me
I miss you missing me

guess you won't be asking 'bout me
when you see my friends
guess that had to end
I won't be hearing
what you've been up to
like I used to had our time
our time has passed
no there's no going back
but sometimes, sometimes
I miss you missing me
calling me on the phone
asking me how I'm doing
asking if I'm alone
I miss you missing me
I miss you missing me
I miss you missing me
when someone calls me up at night
I hold my breath I close my eyes
I wait and hope and pray it will be you
calling me on the phone
asking me how I'm doing
asking if I'm alone
I miss you missing me
I miss you missing me
I miss you missing me
I miss you missing me

I miss you missing me
I miss you missing me
