Remembering the time I was yours, you where mine
When everything was so right
With you by my side
Suddenly seasons changed
Day by day you slipped away
Wishing now I realized your sad eyes said goodbye

Maybe it was me
I didn't see that you were gonna leave
I know I let you go
But now I want you back so I can show you

(Chorus)x2
Even though your love is gone
Even though it's said and done
You were still the only one
It's all for you

Even though you didn't stay
And I let you walk away
You're my one and only babe
It's all for you

It hurts to see you with your friends lookin' so happy
While I'm feelin' blue
Always thinking about you
It goes on and on
You don't know what you got till it's gone

Well I'm learning, I'll never take love for granted again

Now I don't wanna cry
I'm gonna show you all the reasons why
You need to be with me
I want you right back here
So you can see

(Chorus)x2
Even though your love is gone
Even though it's said and done
You were still the only one
It's all for you

Even though you didn't stay
And I let you walk away
You're my one and only babe
It's all for you

Baby can't you see that I need ya
I'm callin' but I can't seem to reach ya
Can't we try and start over as friends
Baby we can try again
And I'll be there till the end of time (Till the end)

(Chorus)
Even though your love is gone (Always)
Even though it's said and done (By Your Side)
You were still the only one
It's all for you

Even though you didn't stay (Always)
And I let you walk away (I want you back in my life)
You're my one and only babe (Want you back in my life)
It's all for you

(Chorus)
Even though your love is gone (I wanna fix us)
Even though it's said and done
You were still the only one
It's all for you (It's all for you)

Even though you didn't stay (Your love is gone)
And I let you walk away (It's said and done)
You're my one and only babe
It's all for you

(Coda)x2
You didn't stay (Even though your love is gone)
I let you walk away (Even though it's said and done)
Now your love is gone (You're still the only one)
You're still the only one (It's all for you)

You didn't stay (Even though you didn't stay)
I let you walk away (And I let you walk away)
Now your love is gone (You're my one and only babe)
You're still the only one (It's all for you)
