Staring at tears on the pages
Of letters that I never could write
I know love isn't painless but it's worth the risk it's worth
the fight
Playing it over and over I wish that I could turn back
time
Baby we're wrong but we could be right

Why do we say things we can't take back and why do
we miss
What we never had both of us fell to the ground and
love was so lost
It couldn't be found what would it take to for who's
blame
I'm tired of crying at the sound of your name
Why don't we turn this around love in the ending don't
you wanna be lost then found

Lost then found...
Lost then found...
Love in the ending we could be lost then found

Empty glasses and tables
Echo's through these walls
The memories go where we go there like the suitcase
that you never lose
If the good lord's eye is upon me I swear to make things
right
What ever we've lost I know we can find

Why do we say things we can't take back and why do
we miss

What we never had both of us fell to the ground and
love was so lost
It couldn't be found what would it take to for who's
blame
I'm tired of crying at the sound of your name
Why don't we turn this around love in the ending don't
you wanna be lost then found

The winds are calling up we can't stop the rain wish that

you could take it back but it's to late it's to late...

Why do we say things we can't take back and why do
we miss

What we never had both of us fell to the ground and
love was so lost

It couldn't be found what would it take to for who's
blame

I'm tired of crying at the sound of your name

Why don't we turn this around love in the ending don't
you wanna be lost then found

Lost then found...

Lost then found...

Love in the ending we could be lost then found

The winds are calling up we can't stop the rain wish that
you could take it back but it's to late it's to late...

We could be lost then found.
