Lately I don't know  
what's coming over me  
Keep on thinking  
about what we could be  
Now I know  
we're just friends  
is there more to us  
Can't help thinking  
that just ain't enough

I'm into you and what you do  
Lets make a move  
baby you lead the way  
Head over heels is how  
I feel you know the deal  
I think that you feel the same

Oh is this for real  
Everything that you can make feel  
Oh it's time that I L.O.V.E  
Oh is this for true  
I can see myself tripping on you  
And oh oh it's time  
that you L.O.V.E

I know some people say that  
When you're friends  
you're friends  
Make a move  
and your relationship ends  
But I am a chancer in life  
and I can take my heart  
Better to have loved and lost  
then never to have love at all

I'm into you and what you do  
Let's make a move  
baby you lead the way  
Head over heels is how  
I feel you know the deal  
I know that you feel the same

Oh is this for real  
Everything that you can make feel  
Oh it's time that I L.O.V.E  
Oh is this for true  
I can see myself tripping on you  
And oh oh it's time  
that you L.O.V.E

Take a chance and my hand  
Discover a whole new land  
If we don't we'll never know  
what we could be

Boy you better L.O.V.E love me  
Cause I am gonna L.O.V.E love you

How I'm gonna love you  
I am gonna love you  
Are you gonna tell me  
How you're gonna love me

Oh is this for real  
Everything that you can make feel  
Oh it's time that I L.O.V.E  
Oh is this for true  
I can see myself tripping on you  
And oh oh it's time  
that you L.O.V.E
