You could've left me on a Friday  
Would've loved to at least have the weekend  
To go under and stay under to  
To get better and to stay better

But you had to pick a Monday  
Now i've gotta go to work and get  
Through 5 days  
And get through it, if i can do it, no i can't do it

There's a heartbreaking chill running through my  
bones  
Got my clothes but i can't really feel them on  
Oh no whatever i do, i'm naked, i'm naked  
Without you  
Can't go out can't go home can't go anywhere  
Covered up but i'm still watching people stare  
Oh no now what can i do, i'm naked, i'm naked without  
you

Trying to focus  
To go unnoticed  
But the harder i try to stay dry it rains  
And i can't do it, no, they see through it  
Yeah they see through it

There's a heartbreaking chill running through my  
bones  
Got my clothes but i can't really feel them on  
Oh no whatever i do, i'm naked, i'm naked  
Without you  
Can't go out can't go home can't go anywhere  
Covered up but i'm still watching people stare  
Oh no now what can i do, i'm naked, i'm naked without  
you

Inside i'm still hiding  
Outside i'm just too exposed  
But i know that  
I should let go  
But i miss you

There's a heartbreaking chill running through my  
bones  
Got my clothes but i can't really feel them on  
Oh no whatever i do, i'm naked, i'm naked  
Without you  
Can't go out can't go home can't go anywhere  
Covered up but i'm still watching people stare  
Oh no now what can i do, i'm naked, i'm naked without  
you
