I don't need the whole thing now  
I just need a piece of your heartbeat  
I need you to hold me tight  
I just need a piece of your heart  
(Tonight, Tonight, Tonight, Tonight)  
I just need a piece of your heartbeat  
(Tonight, Tonight, Tonight, Tonight)  
I just need a piece of your heartbeat  
In the distance I could see the city lights, shining bright  
I could hear a lonely heartbeat beating, so I drove faster  
It guided me to you like a thousand candle lights, burning bright  
I know you gotta leave but wake me up before you go

I don't need the whole thing now  
I just need a piece of your heartbeat  
I need you to hold me tight  
I just need a piece of your heart  
(Tonight, Tonight, Tonight, Tonight)  
I just need a piece of your heartbeat  
(Tonight, Tonight, Tonight, Tonight)  
I just need a piece of your heartbeat

How many times can a heart beat in a life?  
Or in a night?

How many lies can you live in the blink of an eye?  
If we only just get a second we can live our final nights in paradise  
Just break me off a piece of your perfect heartbeat 'for you go.

I don't need the whole thing now  
I just need a piece of your heartbeat  
I need you to hold me tight  
I just need a piece of your heart  
(Tonight, Tonight, Tonight, Tonight)  
I just need a piece of your heartbeat  
(Tonight, Tonight, Tonight, Tonight)  
I just need a piece of your heartbeat
