Kill me  
It takes a lot to kill me  
Flashback  
Now come out and see the trashback  
  
The rush  
We're about to fall  
I feel we ever met of it all  
I pray that I will never have to see you again

But I can't stand it  
Just a leash from my space  
And you drive me crazy  
It's more I can taste  
But what you don't know is  
I came out of the dark  
I know exactly how  
To shake you, shake you up now

But I can't stand it  
Just a leash from my space  
And you drive me crazy  
It's more I can taste  
But what you don't know is  
I came out of the dark  
I know exactly how  
To shake you, shake you up now

To shake you up  
To shake you up

Watch you, oh  
How good it feels to do this  
Like you did  
The difference is that you deserve it

The rush  
I gotta follow tonight  
And you are a little surprised  
But I never forget that you tore me down

But I can't stand it  
Just a leash from my space  
And you drive me crazy  
It's more I can taste  
But what you don't know is  
I came out of the dark  
I know exactly how  
To shake you, shake you up now

But I can't stand it  
Just a leash from my space  
And you drive me crazy  
It's more I can taste  
But what you don't know is  
I came out of the dark  
I know how  
To shake you, shake you up

To shake you up  
To shake you up

How does it feel,  
How does it feel to be the victim?  
How does it feel?  
I know, 'cause you did this to me

But I can't stand it  
Just a leash from my space  
And you drive me crazy  
It's more I can taste  
But what you don't know is  
I came out of the dark  
I know exactly how  
To shake you, shake you up now

I can't reach you as you're taking air  
Boy, you're standing on a sinking sail  
Call my friends, so I know exactly how  
To shake you up, shake you up

I wanna shake, I wanna shake, I wanna shake  
Gonna shake, gonna shake, gonna shake  
I'm gonna shake, gonna shake, gonna shake you up  
I'm gonna shake, gonna shake, gonna
