I know that you are leaving;
I know that it's the way it's got to be.
Still I keep believing,
that you'll find a way to stay with me.
Though it's late,
I'm not ready,
to kiss you goodnight and close my eyes.
The morning,
is dawning,
we'll be out of time!
So won't you
Stay tonight,
let's stay together and make believe,
you'll stay forever,
'cos I don't wanna hear you say goodbye,
at the first break of light, my ray of light.
Let's stay together and make believe,
you'll stay forever,
'cos I don't wanna hear you say goodbye,
at the first break of light,
my ray of light!
I knew this was coming,
I knew we were here on borrowed time.
Heart couldn't take it and made up these lies inside
my mind.
You can't go yet,
let's stay awake till morning comes.
Let's pretend you're not leaving me for long!
So won't you

Stay tonight,
let's stay together and make believe,
you'll stay forever,
'cos I don't wanna hear you say goodbye,
at the first break of light!
Summer is beautiful,
but it's gonna be my fall.
Dawn is inevitable and you will go.
I know this is not the end,
but until we're together again,
I'll hold on onto these moments,
I won't let go!

Stay tonight,
let's stay together and make believe,
you'll stay forever,
'cos I don't wanna hear you say goodbye,
at the first break of light,
my ray of light!

Let's stay together and make believe,
you'll stay forever,
'cos I don't wanna hear you say goodbye,
at the first break of light,
my ray of light!
