Sitting on the car
Staring at the stars
Leaning on your shoulder

I wanna cry until I laugh and laugh until I cry
Don't wanna let a single moment of you pass me by
If only I could freeze the frame
You know that I would stay right here for good

I I wanna stop the clocks tonight
I I wanna tear the hands right off
I I wanna stop the world from turning
And stay right here for good

I I hope the sun forgets to rise
I I won't ever leave your side
I I wanna stop the clocks tonight
And stay right here for good

I'd rather spend my life
Motionless with you
Than dancing with another

I wanna cry until I laugh and laugh until I cry
Don't wanna let a single moment of you pass me by
If only I could freeze the frame
You know that I would stay right here for good

I I wanna stop the clocks tonight
I I wanna tear the hands right off
I I wanna stop the world from turning
And stay right here for good

I I hope the sun forgets to rise
I I won't ever leave your side
I I wanna stop the clocks tonight
And stay right here for good

For good
Stay...

I I wanna stop the clocks tonight
I I wanna tear the hands right off
I I wanna stop the world from turning
And stay right here for good

I I hope the sun forgets to rise
I I won't ever leave your side
I I wanna stop the clocks tonight
And stay right here for good

I I wanna stop the clocks tonight
I I wanna tear the hands right off
I I wanna stop the world from turning
