First time and it tasted like honey  
I'm hooked, yeah, you know you got me  
Here I am, back again

Close my eyes and it feels like summer  
I know I shouldn't but I know I'm gonna  
Here we go, kiss me slow

And I know you're bad  
Yeah, I know you knock over me  
I'm aware of that  
And the only one that's gonna be  
Sleepless at night and pay the price will be me

But sugar still taste like sugar  
It's still sweet  
Wish I never had let him take it over  
I'm in too deep  
See, there is no better kind way to describe it  
I know it's bad for me  
But sugar still taste like sugar  
It's still sweet

My whole world changed from the moment I met you  
Shame on me, my mama told me better  
Here I am, back again

You call and you know I'm coming  
I can't leave even if I'm wanting  
Here we go, kiss me slow

And I know you're bad  
Yeah, I know you knock over me  
I'm aware of that  
And the only one that's gonna be  
Sleepless at night and pay the price will be me

But sugar still taste like sugar  
It's still sweet  
Wish I never had let him take it over  
I'm in too deep  
See, there is no better kind way to describe it  
I know it's bad for me  
But sugar still taste like sugar  
It's still sweet

You got me, you got me  
And I don't want a signal and leave you alone  
Can't seem to let go  
You got me, you got me  
And I don't want a signal and leave you alone  
Can't seem to let go

'Cause sugar still taste like sugar  
It's still sweet  
Wish I never had let him take it over  
I'm in too deep  
See, there is no better kind way to describe it  
I know it's bad for me  
But sugar still taste like sugar  
It's still sweet  
It's still sweet  
It's still sweet  
It's still sweet
