I just can't believe you're gone,  
Still waiting for morning to come  
When I see if the sun will rise  
And the way that you're by my side  
When we had so much in store  
Tell me what is it all reaching for  
When we're through building memories  
I'll hold yesterday in my heart, in my heart

[Chorus]

They can take tomorrow and the plans we made,  
They can take the music that we never play  
All the broken dreams, take everything,  
Just take it away  
They can never have yesterday  
They can take the future that we'll never know  
They can take the places that we said we would go  
All the broken dreams take everything  
Just take it away  
They can never have yesterday

You always choose to stay  
I should be thankful for every day  
Heaven knows what the future holds  
Or at least how the story goes  
I never believed until now  
I know I'll see you again I'm sure  
No it's not selfish to ask for more  
One more night one more day  
One more smile on your face  
But they can't take yesterday

[Chorus]

They can take tomorrow and the plans we made,  
They can take the music that we'll never play  
All the broken dreams, take everything,  
Just take it away  
They can never have yesterday  
They can take the future that we'll never know  
They can take the places that we said we would go  
All the broken dreams take everything  
Just take it away

They can never have yesterday

[Chorus]

I thought our days would last for ever  
But it wasn't our destiny  
'Cause in my mind we had so much time  
But I was so wrong  
No I can believe that  
I can still find the strength in the moments we made  
I'm looking back on yesterday

[Chorus]

They can take tomorrow and the plans we made,  
They can take the music that we never play  
All the broken dreams, take everything,  
Just take it away  
They can never have yesterday  
They can take the future that we'll never know  
They can take the places that we said we would go  
All the broken dreams take everything  
Just take it away  
They can never have yesterday
